

# ASHLEY MOZORANDI

## Automation Engineer | QA Specialist

Phone: +27 60 608 0227

Email: [ashelymozorand@gmail.com](mailto:ashelymozorand@gmail.com)

Portfolio: [ashelymozorandi.vercel.app](https://ashelymozorandi.vercel.app)

GitHub: [github.com/Atmozo](https://github.com/Atmozo)

LinkedIn: [linkedin.com/in/ashley-mozorandi](https://linkedin.com/in/ashley-mozorandi)

## Professional Summary

Developer in Test with 2+ years' experience in automation and QA engineering. Increased test coverage by 80% and reduced production bugs by 30%. Skilled in Cypress, Selenium, Docker, and CI/CD pipeline integration.

## Technical Skills

Testing: Manual, Automation (UI/API), E2E, Regression, Performance

Tools: Selenium, Cypress, Postman, JMeter, Docker, Jenkins

Languages: Python, Java, TypeScript, SQL

Frontend: HTML, CSS, React, Next.js

DevOps: CI/CD, GitHub Actions, Azure DevOps

## Professional Experience

### QA Automation Engineer | Arity Solutions (Jan 2024 – Present)

- Develop automated tests using Selenium, TestNG, and Postman
- Perform web and API testing in agile environments
- Integrate automation within Jenkins CI/CD pipelines

### Group Projects – Mentored by Nkosi Cele (QA Lead @ Nedbank) (Aug 2024 – Jan 2025)

- Conducted API testing using Postman and RestAssured
- Built CI pipelines for automated deployments
- Executed performance and scalability testing, including mobile testing

### Framework Development – Mentored by Vusi Pelo (Lead QA Engineer @ Nedbank) (Jul 2024 – Oct 2024)

- Reduced manual testing efforts by 40% through automation
- Containerized frameworks using Docker
- Designed CI/CD pipelines with Jenkins
- Created system design documentation

### Project Intern | Tach Luxure (Jul 2023 – Dec 2023)

- Developed and maintained company website: [Tach Luxure](#)
- Contributed to sales support and IT operations
- Enhanced company's digital presence through optimized web deployment

## Projects

### Swag Labs Testing Framework [View Repository](#)

- Java, Selenium, TestNG, Maven, Jenkins, Git
- Reduced manual test time by 60% through comprehensive automation
- Implemented cross-browser testing and parallel execution for faster feedback

### Data-Driven API Framework [View Repository](#)

- Docker + PostgreSQL scalable setup in Java for robust testing
- Data-driven testing approach with containerized environment
- Web And DB validation using RestAssured and Hamcrest

### API Testing Dogs API, ReqRes, Weather API [View Repository](#)

- Postman + JMeter API testing and performance benchmarking
- Automated API validation with detailed reporting

### Testing Playground Platform

- All-in-one testing platform for various automation scenarios (in progress)
- Interactive environment for test demonstrations and practices
- [Live Demo](#) [View Repository](#)

#### [Swag Labs Testing with Cypress](#) [View Repository](#)

- Cypress + JavaScript E2E testing frameworks
- Automated UI tests with real-time reporting

## Education & Certifications

---

- **Alison Diploma in Software Testing (2024)(NPTEL)**
- **Brellion College – O'Level (2018 – 2022)**
- **Additional Training:** Azure Pipelines, Docker Containers, Intro to Kubernetes, Cyber Security Fundamentals, Python for Data Science, Cloud Fundamentals
